PRESENTING
THE GOLDEN WARRIOR
1979-80
SANGER INDEPENDENT SCHOOLS
SANGER, TEXAS

Because of a combined total of 50 years of teaching service in the Sanger Independent School District, their great teaching abilities, and most of all for the wonderful people they are, we the staff of "THE GOLDEN WARRIOR," in addition to the other students,

DAISY COOK

21 years at Sanger High School.

English Teacher
Annual Sponsor
Newspaper Sponsor

the faculty, and the administration DEDICATE the 1979-80 Annual to Neilan and Daisy Cook. We thank you both for staying with us long enough to make it through the crossroads of this new decade.

NEILAN COOK

39 years in the teaching field. 29 of them at Sanger High School.

Vocational Agriculture
Ag Co-op

Standing at the Crossroads between the 1970's and 1980's, we, the staff of the Golden Warrior, would like to take this time for a look back into the seventies and for a look forward into the eighties.

While we are eager to plan our future in a brand-new decade, we are aware of the fact that where we have been in the past is sure to influence where we go in the future.

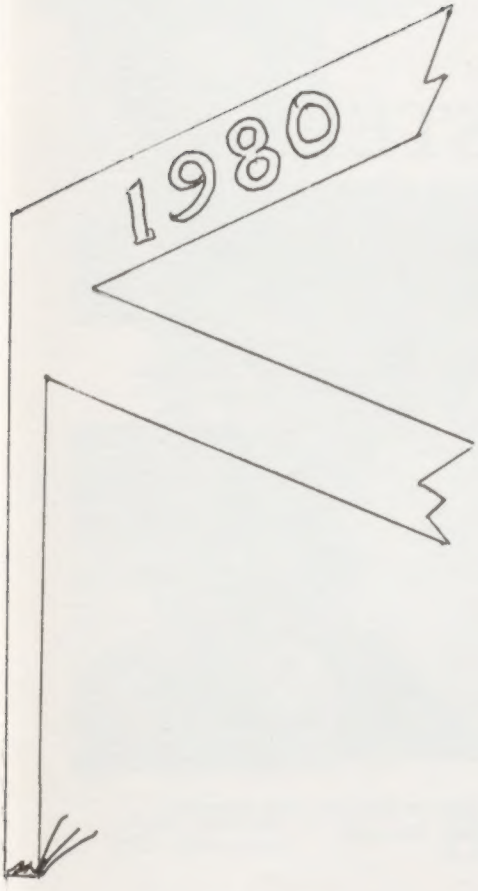

And so, in the privileged position at the crossroads BETWEEN THE DECADES, we gladly face our future in the 1980's.

These last years have been filled with more emotion than a lifetime could represent. We look back and lament the fact that we must leave; however, the anticipation that the future promises captures all our thoughts. We thank Sanger for helping us prepare for a lifetime.

SANGER'S TALENTED AND RESOURCEFUL STUDENTS– STARS

This year there has been a new addition to the school system. This program is not a club or a money-making organization. It is an opportunity for students to extend their learning beyond that offered by the regular school sessions. Our new opportunity is called S-T-A-R-S. This title originated from the program's complete name—Sanger's Talented And Resourceful Students. The program is taught by Mrs. Greta Miller.

During just one day of these classes, the students are exposed to every field under the sun. They discuss regular school subjects, such as math and science, as well as other subjects, such as overcoming handicaps, sending a man to the moon, and different methods of learning.

The students here, especially the Juniors and Seniors, are allowed to explore career opportunities in which they may be interested.

The students see educational movies, read, and try their hands at many different things, like trying to draw with their feet like someone without arms would have to do.

The greatest knowledge, however, is by being around the other students, talking about the latest scientific discovery, sharing new information, and talking about the latest basketball game.

. . . A FUTURE OF OPPORTUNITY

We'll tell you about our training and education programs. Once you're selected and qualified you may attend one of the Air Force technical schools for some of the finest training in the world. Later, we'll give you college credit for these courses—credit that can apply toward an associate degree through our Community College of the Air Force.

We'll tell you about the advantages of life in the Air Force:

- ★ A starting salary of over $400 per month plus food and housing.
- ★ 30 days of vacation with pay each year
- ★ Regular promotions and pay raises
- ★ A voluntary educational assistance program

The quality of life:

It has a lot to do with the quality of your life insurance service.

A lot has been said about the "quality of life" — very little about the life insurance services that affect it so greatly. Call me today to learn how Reserve Life can help to guarantee the lifestyle you've chosen for yourself and your family.
